MVS ICT & Telecom

Weekly Presentation

Presenter: **Danish Akbar**
Position: **IT Support**

Key Deliverables & Milestones Completed (Week 44)

◆ MVS Project Pulse — Web Portal & Tracker v4

✓ COMPLETED

- **Role-Based Executive Portals:** Launched live web dashboards (Executive, Sales & PM views) for real-time pipeline and project milestone visibility.
- **Tracker v4 Standardization:** Finalized unified 2-sheet architecture (Sales Pipeline & Projects) with automated PO realization and collection tracking.
- **Digital Transformation Roadmap:** Prepared executive system architecture proposal and phased implementation roadmap for management review.

◆ Salam CCS — O&M KPI Framework & Governance

✓ COMPLETED

- **Executive KPI Framework:** Structured a 7-pillar O&M performance model covering SLA compliance (Zero SLAB target), PMR/CMR completion, and patrolling.
- **Billing & Permit Visibility:** Standardized management tracking metrics for JCR invoicing readiness and Amana permit clearance across Eastern Region.
- **Operational Alignment:** Consolidated regional field maintenance workflows to streamline weekly management reporting.

◆ FO Route Survey Application (DCP-1)

✓ COMPLETED

- **Automated Route & Utility Mapping:** Deployed batch automation tools to standardize utility classification, highway mapping, and ROW ownership across Routes 1 & 2.
- **Survey Data Integrity Controls:** Streamlined segment update workflows with automated utility inheritance and range-level validation.
- **Field-to-Office Sync:** Eliminated manual multi-segment editing overhead to accelerate final route survey deliverables.

◆ IT Asset Governance & Cloud Infrastructure

✓ COMPLETED

- **Centralized Cloud Collaboration:** Structured corporate OneDrive shared repositories with role-based access control for cross-departmental project records.
- **Asset & Telecom Cost Control:** Audited active custody across 76 hardware units and 58 telecom lines across Main Office and 3 active project sites.
- **IT Operations Continuity:** Maintained 100% network, printing, and workstation uptime across office and field operations.

IT Assets & Telecom Inventory Dashboard

MVS & PARTNERS

MVS ASSET MANAGEMENT SYSTEM

Executive Asset Inventory & Telecom Cost Overview • Projects: Salam CCS | DCP | Main Office | Seven Entertainment

TOTAL LAPTOPS	TOTAL MOBILES	TOTAL TABLETS	TOTAL MONITORS	ACTIVE SIMS	MONTHLY TELECOM
60	1	8	8	58	8,675.00 SAR

PROJECT-WISE ASSET ALLOCATION

Project Name	Laptops	Mobile Phones	Tablets	Monitors & LCDs	SIM Cards	Total Devices	Active Monthly Telecom (SAR)
Salam CCS	27	0	0	0	29	**56**	**3,480.00 SAR**
DCP	2	0	8	2	9	**21**	**1,065.00 SAR**
Main Office	29	1	0	6	18	**54**	**3,770.00 SAR**
Seven Entertainment	2	0	0	0	3	**5**	**360.00 SAR**
Grand Total	**60**	**1**	**8**	**8**	**59**	**136**	**8,675.00 SAR**

HARDWARE STATUS BREAKDOWN

Asset Status	Laptops Count	Mobiles Count	Tablets Count	Monitors Count	Total Hardware Units
