DOCUMENT SCOPE

Executive Summary

3-Page Fast Track • Version 2.0

MVS CONFIDENTIAL • INTERNAL EXECUTIVE DOCUMENT

1 EXECUTIVE COMMAND DASHBOARD • LIVE OPERATIONS SCREEN

A centralized command screen designed for executive leadership — connecting **Pre-Award Sales Deals**, **Active Site Execution**, and **Real-Time Cash Flow** without relying on manual spreadsheets:

Pillar 1: Sales Pipeline
Incoming Deals • Quotes, Bids & Payment Terms

Pillar 2: Active Projects
Site Delivery • Live Progress %, Scope & Milestones

Pillar 3: Cash Flow
Financial Health • Invoiced, Received & Overdue Alerts

Pillar 1: Sales Pipeline (Pre-Award Deals • RFQ → Quotation → Follow-up → PO Award)

QUOTATION & RFQ REF	CLIENT OPPORTUNITY	VALUE (SAR)	PAYMENT TERMS	COMMERCIAL STAGE	CLOSING • PROB.
MVS-QT-2026-088 RFQ: RFQ-2026-104	Client Name 1 SERVICES / CONTRACTING	SAR 1,850,000	50% Adv / 50% Delivery Advance cashflow secured	FOLLOW-UP / NEG.	End Oct (85%)
MVS-QT-2026-092 RFQ: RFQ-2026-112	Client Name 2 PRODUCT SUPPLY (BOX MOVING)	SAR 740,000	30 Days Credit Aged receivable alert set	QUOTE SUBMITTED	Mid Nov (75%)
MVS-QT-2026-095 PO: PO-2026-8841	Client Name 3 TURNKEY SERVICES	SAR 960,000	100% Full Advance Immediate mobilization	PO AWARDED (WON)	Awarded (100%)

Dual-Stream Classification (Services vs Box-Moving): Categorizes deals into **Services / Projects** (requiring PM assignment & site progress tracking) and **Product Supply / Box-Moving** (direct delivery note & fast invoicing). Agreed **Payment Terms** (Advance %, Credit days) automatically trigger upfront invoice alerts upon PO award.

Pillars 2 & 3: Active Project Execution & Invoicing (Value, Received & Aged Overdue)

PROJECT DETAILS (TRACK & SCOPE)	PROGRESS %	PROJECT VALUE	INVOICED	RECEIVED	REMAINING	OVERDUE
Track 1: Seven Entertainment	68% Active	SAR 2,450,000	SAR 1,470,000 (60%)	SAR 1,120,000	SAR 980,000	SAR 350,000 (45d)
Track 2: Salam CCS	75% Active	SAR 1,100,000	SAR 770,000 (70%)	SAR 660,000	SAR 330,000	SAR 110,000 (20d)
Track 3: Dune Corridor (DCP)	42% Active	SAR 850,000	SAR 340,000 (40%)	SAR 340,000	SAR 510,000	SAR 0 (Current)
Track 4+: New Awarded Projects	*Auto-sync*	*+ Instant Onboarding: Automatically adds Progress %, Project Value, Invoiced & Received upon PO award*				
TOTAL PORTFOLIO	64% Avg	SAR 4,400,000	SAR 2,580,000	SAR 2,120,000	SAR 1,820,000	SAR 460,000

Site Cash Flow Governance (Petty Cash Float, Emergency Purchases & Allowances)

Petty Cash Float
PM digital vouchers & receipt photo upload; live running balance verification.

Materials & Purchases
Local emergency tools, cables & consumables tagged directly to project PO.

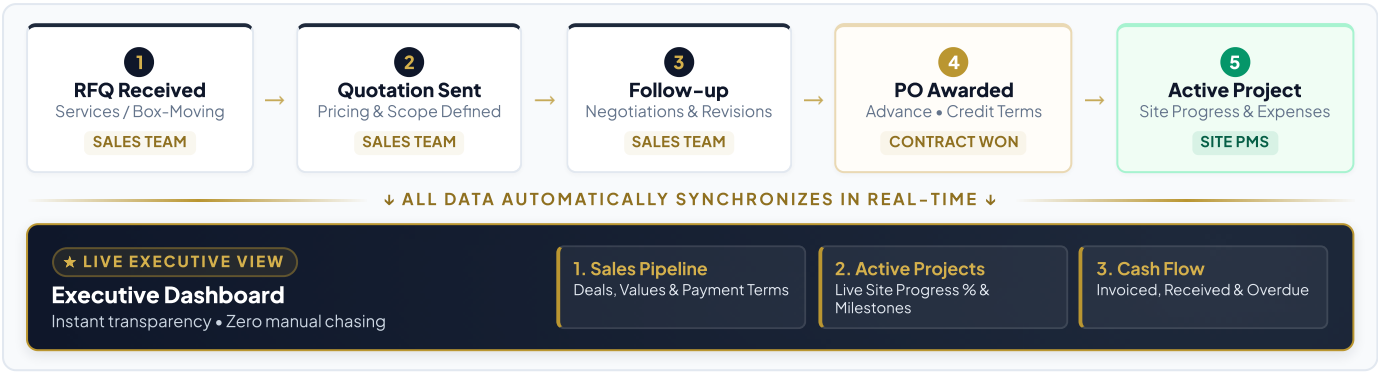

Site Allowances
Technician per-diems, lodging, travel & site labor overtime strictly tracked.

Net Cash Flow
Cash Inflow (bank receipts) vs Outflow (expenses) ensuring positive project liquidity.

2 HOW IT WORKS • DEAL-TO-EXECUTION FLOWCHART

From client inquiry to contract award and executive oversight — live automation across all departments:

1 **100% In-House • Zero Software Licensing**
Developed internally on enterprise PHP (Laravel) + MySQL. Full IP ownership by MVS with zero monthly subscriptions.

2 **Strict Role-Isolated Confidentiality**
Sales sees only commercial deals; PMs see only their assigned site; company margins and total liquidity remain strictly private to CEO.

Rapid 4-Week Delivery Roadmap

Phase 0: Baseline (Weeks 1–2)
Collate active RFQs & POs, standardize payment terms (Advance, Credit, Milestones), and initialize Project Details.

Phase 1: Core MVP (Weeks 3–4)
Deploy Sales Lifecycle (RFQ-to-PO workflow), Project Progress %, Executive Invoiced/Received, and Petty Cash floats.

Phase 2: Automated Briefs (Week 5)
Auto-generated weekly PDF flash report sent to CEO every Thursday with collection forecasts.

3 IMMEDIATE ACTION ITEMS (APPROVALS TO START BUILD)

DECISION ITEM	ACTION / INPUT NEEDED	NEXT IMMEDIATE STEP
1. Sales Workflow & Terms	Confirm standard payment term options (Advance %, 30/60d Credit) and follow-up stages.	IT will configure the full RFQ-to-PO pipeline and payment terms logic in 24 hours.
2. Project Sanction	Executive approval to commence Phase 0 data setup and Phase 1 build.	Development initiates immediately upon sanction.
3. Petty Cash Standard Float	Confirm site petty cash limits (Recommended: SAR 5,000 / PM).	Accounts sets up digital float audit and replenishment rules.
